Granted, Wall's no all-star lyricist -- he's rarely saying anything of deep substance (this is music for driving around and partying, after all), but his flow always fits into the fabric of the track.. He tirelessly refers to himself as a mere fan of hip-hop and constantly talks up his unsung heroes.

So, just like Houston itself, it has taken some time for Wall to get the spotlight.. Download 'Paul Wall' for FREE!!! Paul Wall Albums Songs Paul Wall: The Peoples Champ: DOWNLOAD NOW! The Peoples Champ is a fine break out, led by first single 'Sittin' Sideways ' Not quite as magnificently woozy as 'Still Tippin',' it's still another solid-gold production from Salih Williams, and Wall is as good over the beat as he is on anything else.. Like most of his fellow H-Town MCs, Wall is a DJ Screw disciple, so he likes his tempos slow and syrupy -- he actually had to adjust to hearing hip-hop at a normal tempo, not the other way around! -- and he fills his rhymes with countless local slang terms (slabs, swangas, candy paint, tippin') that necessitate a glossary for many listeners. b0d43de27c [clare grundman concord download](#)
